AUSTRIA ASKS ENTENTE FOR PROTECTION OF TROOPS

PARIS, Dec. 21.—Zurich newspapers today printed a Vienna dispatch carrying the report that the Austrian government, "in order to avoid fresh disturbances" had asked the Allied authorities to occupy the Austro-Hungarian capital.

PRAGUE, Dec. 21.—With the occupation of Eger and Reichenberg, the Czech-Slovaks seem to have all of German Bohemia completely cut off from German Austria.

German Bohemia is unable to resist, since the Austrian army does not exist.

FINE QUESTION IS RAISED BY THE STATE BOARD OF COMPENSATION

The Board of Supervisors of Contra Costa County are seeking to secure for the family of the late L. J. Glavinovich compensation for his death. Mr. Glavinovich was working for the county in the capacity of a motorcycle policeman and he was found by the roadside some weeks ago on Twenty-third street in a dying condition, passing away without gaining consciousness at a local hospital.

According to information received by the Record-Herald the State Compensation Board with which the county insures its employees, claims that the deceased did not die from the results of the accident, but the accident resulted from the man being stricken with a heart attack and that he was unconscious before his motorcycle struck the telephone pole. It is stated that the autopsy held immediately after death reveals the above state of facts.

Whether it is true or not the contention reveals an interesting phase of the insurance situation and raises a fine question in the matter of whether it be by motorcycle or accidental death by some other means.

HEAVY CHRISTMAS MAIL
The mail congestion in this city at the local postoffice this year is greater, if possible than ever. Hundreds of sacks and thousands of packages are received and transmitted each and every day, and in keeping with the policy of the postoffice department the help is pitifully inadequate.

WORKERS OPTIMISTIC OVER RESULTS OF CHRISTMAS ROLL CALL, RED CROSS; STANDARD OIL NOT YET TURNED IN REPORT

With Monday ending the Roll Call campaign, Constable Alstrom expects much money to be turned in today and is planning to put in long hours at the headquarters office. He will be assisted by Mrs. C. S. Gibson of the Mobilized Women and Mrs. Harry Donnelly.

This morning the official bank book shows a total balance of \$1,178.50. Yesterday's share of this amount was \$470.50. The Big Store took in \$25 during the day at their enrollment booth. Mr. A. Bellegarde of the Bellegarde Laundry called at headquarters and made a generous contribution of \$5.00.

Mr. John Bell of the Standard Oil Company brought in \$80.50 as a starter on the big enrollment that will be made among the Standard employees. Mr. Bell has only begun his campaign and expects a total contribution of at least \$2,500.

Mr. T. Lester and Mr. Will C. Jansham began this morning to enroll the business firms on Macdonald avenue between Tenth and Twentieth streets.

The lieutenants of the Mobilized Women reported in yesterday as follows:

Miss Nesbitt, \$19; Mrs. Huntberger, \$8; Mrs. Fortrain, \$13; Mrs. Ballenger, \$15; Mrs. H. Roystrom, \$9; Mrs. Rockwood, \$11; Mrs. Pinkerton, \$25; Mrs. F. Dunning, \$15; Mrs. Clear, \$6; Mrs. R. Surles, \$10; Mrs. F. J. Conn, \$3; Mrs. Wells, \$22; Mrs. F. Edgar, \$5; Mrs. Vaughn, \$2.00.

At Point Richmond, Mrs. Adair took in \$23 at headquarters and the lieutenants reporting were: Mrs. Spierch, \$30; Mrs. Johnson, \$7.00; Mrs. Irving, 6.00; Mrs. Arnold \$4.00, making \$70 as the Point's contribution for the day.

Mr. Alstrom asks that all workers come in and check up today. The headquarters office will be open during the evening from 7 o'clock until 9, which will give every one the opportunity to bring in all funds collected to date.

PRESIDENT WILSON PAYS VERSAILLES A VISIT

PARIS, Dec. 21.—President Wilson's plans for Christmas were completed today. He will leave Paris for General Pershing's headquarters at Chaumont Monday and will spend two days with the American troops. The program of presidential activities for today included the conferring of degree of doctor by the Sorbonne at 4 o'clock in the afternoon and a motor trip to Versailles earlier in the day.

The ceremonies in connection with the conferring of the honorary degree were planned to be held in the grand amphitheatre and included an address by Dr. Alfred Croist, dean of the faculty of the University of Paris.

Officials can not understand criticism that has been coming from Great Britain sources concerning that portion of the President's address to the American congress on December 2, in which he said he "took for granted that congress would carry out the naval program undertaken before the United States entered the war."

The part of the President's speech referring to the naval program follows:

"I take it for granted that the Congress will carry out the naval program which was undertaken before we entered the war. The secretary of the navy has submitted to your committee for authorization, that part of the program that covers the building plans of the next three years. These plans have been prepared along the line in accordance with the policy which the Congress established, not under the exceptional conditions of the war, but with the intention of adhering to a definite method of development for the navy. I earnestly recommend the uninterrupted pursuit of that policy. It would clearly be unwise for us to attempt to adjust our program to a future world policy as yet undetermined. It is learned on the highest authority that President Wilson did not look for any criticism in his connection as he had evidently intended the final sentence of the paragraph just quoted to make clear his opinion.

war, is back in town and working for the Independent in place of City Editor Newson, who is laid up with influenza.

Nick Ayer went into the army, but was found to be of more service in the recruiting publicity department than as a soldier, so he was held at the Market Street headquarters in San Francisco.

Initiatory steps were taken last night at the meeting of the special committee of the Chamber of Commerce appointed some weeks ago to look into the matter of an auto ferry to San Francisco and better roads leading to and from Richmond, for the big celebration to mark the formal opening of the Richmond Municipal harbor. According to the tentative plans formulated by the special committee at its meeting in the Chamber of Commerce rooms last night, the celebration will take place sometime about the middle of January, at the time when the first ocean-going steamship docks at the municipal wharf.

The committee appointed a sub-committee to arrange the details for the celebration, composed of the following gentlemen, members of the Chamber of Commerce: E. J. Garrard, chairman; Harry Marcus, C. M. Brewer, J. A. Long, H. W. Tuller, A. C. Burdick, and the president of the Building Trades Council.

Members of the committee who have been investigating the matter of an automobile ferry direct to San Francisco, reported that they

had ascertained the Southern Pacific is considering the advisability of running a ferry boat from Richmond to San Francisco for the purpose of carrying automobiles and passengers and definite word is to be received from this project before other arrangements are made. In the matter of the roads leading to and from Richmond the committee members stated that they had appeared before the supervisors at Martinez, but had gained little assurance of immediate relief. The Franklin canyon project, however, will probably be completed during the coming summer.

Further announcement of the big celebration contemplated will be made in a few days, or as soon as the committee finds out the actual date of the arrival of the steamship which has been chartered by the government to carry supplies from the port to the Atlantic fleet.

9 THOUSAND SOLDIERS ARE NAMED FOR DISCHARGE

WASHINGTON, Dec. 21.—With a total of 188,562 men discharged from the army during the week ending December 14, General March announced today that the War Department has about completed the average of 30,000 discharges daily, for which the demobilization plans call.

On a seven-day basis the average for the week was 27,000 men per day, but in many cases demobilization officers did not operate on Sunday.

Additional units in this country designated for early demobilization bring the total of men so selected to 900,000. General March announced. Up to the date of the latest official reports, 24,908 officers had been honorably discharged.

General Pershing has reported that 6210 American prisoners of war were repatriated up to December 16. Of these 2653 came through Switzerland, 325 passed through the American front lines, 120 went through Holland and 113 through Denmark. Those passing through Holland and Denmark are now all enroute for England the dispatch said.

General Pershing expressed the opinion that very few American prisoners remained in Germany and believed these would be quickly evacuated. He said a continued search is being made for isolated prisoners, British and French officers in Switzerland, Holland and Sweden and in Germany itself aiding in the search.

The funeral of the late Harry Lloyd will take place Monday afternoon at 2 p. m. from the undertaking parlors of Bert Curry on Eleventh street. The remains will be interred in Sunset View cemetery.

CHAUNCY M. BREWER GOES TO ASSUME CHARGE OF BIG COMPANY AS GENERAL MANAGER

Information is received today from Chicago, home of the H. M. Bylesby Co., owners of the Western States Gas and Electric Company, that C. M. Brewer, who has been the manager of the local plant for the past six years has been transferred to the management of the Mountain States Power Co., a concern owned by the same company, and having plants throughout the northwest embracing Montana, Idaho, Oregon and Washington. According to the present arrangements he will have his headquarters at Albany, Ore., where one of the lighting and gas plants of the company is situated. It was on this business that he went East a short time ago.

The people of Richmond will be sorry, indeed to learn of Mr. Brewer's determination to leave this city.

LUDENDORFF AND VON TIRPITZ PLANNING TO RULE THE BROKEN EMPIRE WITH SUPPORT OF ARMY

ZURICH, Dec. 21.—The military camarilla in Germany is in control of the counter-revolutionary movement that is brewing there, according to information from the German frontier today. General Ludendorff and Admiral Tirpitz both of whom were previously reported to have fled from Germany, are now known to be in that country and are said to be in accord with the other military plotters.

LONDON, Dec. 21.—The German government has accepted Field Marshal von Hindenburg's plan to form a people's guard or national

army, according to a Copenhagen dispatch to the Daily Mail. It is said that the German army under this plan will be stronger than ever. All officers have received instruction to keep the details secret. Women will be employed for auxiliary service.

COPENHAGEN, Dec. 21.—The German minister to Denmark, Brockdorff Rantzau, has been appointed foreign minister at Berlin, it was learned today.

The first foreign minister in the Ebert cabinet was Dr. Hugo Haase. He was succeeded by Dr. Solf.

GOVERNMENT PUTS UP BARS ON FOREIGN LABOR IN U. S.

WASHINGTON, Dec. 21.—No more permits for the importation of Mexican and West Indian labor will be granted, the department of labor announced today, and permits already granted will be void after January 15. Aliens permitted to enter temporarily for war work will be repatriated gradually, without interfering with agricultural or other work now in progress.

The admission of semi-skilled laborers from Canada will be discontinued, but present arrangements, whereby skilled laborers are admitted only when they cannot be employed in their own country and when those countries have given consent to their departure will be continued for the present. Conferences on this subject are under way between the United States and the Canadian governments.

Mexicans admitted as agricultural laborers will be permitted to remain for the present work for which they were imported has come to an end. Railroad laborers admitted from Mexico may remain until further orders, with the understanding that the railroad administration will take the best use of them by transferring those who have been working in the more northern sections to sections where the climatic con-

ditions are better adapted to them. If that cannot be done steps will be taken to return them to Mexico.

Mexicans brought here to work in mines will be returned as promptly as individual cases will permit and the matter of their stay will be considered in conferences with the railroad administration.

BRING THE BOYS HOME

HAVING, for good reasons, set aside the doctrine of Washington and Jefferson and other fathers of the republic, and assisted in the leadable task of crushing kingly autocracy and making the world safe for democracy, now is a time for America to return to its long time policy of "splendid isolation." The American troops in Europe should be returned to this country, and that right speedily. Germany no longer is a menace to this country; she cannot harm us. Her navy is either in the hands of her foes or has been torn to pieces by the Germans themselves. The Hun army, once so formidable, is disorganized, and the All Highest is in a castle in Holland trying to end his life. If the Germans threaten any land it is that of their nearest neighbors. Those countries whose frontiers border on the former kaiser's empire may have something to fear; wherefore if there is any policing to be done, the work is up to them.

A matter of importance in connection with the occupation of German territory by American soldiers appears daily in the cables. The Germans, say dispatches, seem to "like the Americans." They growl at the French, they bitterly resent and complain of the Britons; but they feel "kindly disposed" toward the men from this land. That is more German propaganda. They treat the Americans well; they act in decent fashion toward them because they seek to gain their friendship. Look over an army roll, and note the many German names of men who are in the ranks. Some of our soldiers were even born on German soil; altogether 25 per cent of the men in the American army either came from Germany and other middle European countries or their parents did. Most of them speak the language of the kaiser. With these men the smooth-tongued Huns may make friends; perhaps already they are doing it. The chief of our army in France recognized this danger, when in announcing the armistice, he sternly told the warriors "there must be no fraternizing with the Germans." It looks suspicious. British and French soldiers are camping in suburbs and undergoing inconvenience and some hardship while occupying German territory. Not so the Americans. We read about their being assigned to houses, which would mean they are in a fashion living among the Germans. Insidious propaganda may be going on every day and if our soldiers remain there thousands will return to this country as defenders of Germany.

The necessity for bringing home of the American fighters is apparent. Let the policing of Europe be done by Europeans, who are sworn enemies of the Hun and all his works. They are the ones who are most deeply interested. They are the ones who are threatened.

Things are in a mighty unsettled condition over in Russia and this all comes about through turning the affairs of government to a lot of inexperienced and unprincipled individuals who know nothing but satisfying their greed at the expense of the other fellow. Somebody will be compelled to go to Russia and

straighten out their tangle and whether it be the United States or some other nation, or the combined armies of all of them, it ought to be attended to right away.

AMERICANIZATION

Americanization is to be the keynote of the General Federation of Women's Clubs in its next two years of work. This great organization, representing approximately 2,000,000 women, is co-operating with the Bureau of Naturalization, Department of Labor, in its program for 1919, and will reach the foreign-born in all parts of United States through its 11 departments, as well as through its individual clubs and their membership.

Mrs. Court Wood, chairman of the committee on civil service is a resident of Washington, D. C., in which city she is interesting local club women in Americanization activities.

"The committees of the General Federation of Women's Clubs will render a peculiar service in Americanization," said Mrs. Wood. "They cover art, music, literature, civics, home economics, industrial and social conditions, conservation, public health, legislation, literature, and civil service. Each committee will specialize in the work it does for the foreign-born. Naturally, the general federation representatives will teach the women, who usually have fewer opportunities than men enjoy for contact with the people of the new country."

"My own committee, civil service, is perhaps more limited in its Americanization possibilities than the others, but I see how it can serve effectively in this big splendid movement, the importance of which has not been fully realized until lately. Here in the national capital there are 35,000 foreign-born residents, a fact rather surprising to persons who think of Washington as the most essentially American city in the country. A free public school has been started for foreign men and women, with morning classes twice a week and afternoon classes every day. In addition, there are evening classes. The English language, American history, civics, arithmetic and typewriting are taught. Our local club women visit families whose members have been born overseas and encourage them to take advantage of educational opportunities."

"I am most hopeful concerning the possibilities of our General Federation committees. Taking for example, home economics and public health, it is not difficult to imagine what club women will be able to accomplish. Industrial conditions and conservation also offer promise of accomplishment that will mean much for the future of the nation."

The Record-Herald is inclined to believe that the plan for a free market as outlined by the promoters of the project will not be a success, unless it is handled by some local interest, other than the people themselves. What in everybody's business is nobody's business and this applied with considerable force in the mercantile business, whether it be the selling of meats and carrots, or boots and shoes.

The Allied governments are pondering about how they are going about to secure the

body of the former Kaiser of Germany. Did it ever occur to them that a solution of the problem would be to tell a few of those U. S. marines their troubles? Leave it to them, they would go to Holland and get him in the shortest possible time, regardless of international law. Afterward any diplomatic controversy that might arise could be discussed at leisure.

Universal training of the American youth promises to become a reality in the United States in a very short time and every boy of the nation who is physically able be compelled to spend a few years of his life in an army camp, being taught discipline and the numerous things connected with war. It may be that a league of nations will be formed that will preclude all possibilities of future wars, but it is best not to take too many chances. The man who is best able to defend himself is seldom liable to attack. This applies to nations as well as individuals.

Richmond merchants that are advertising are doing a good business. Those who are complaining of dull times are not advertising—and there you have it. If you have anything to sell worth having and will tell the people about it in an intelligent way and then deal fairly with them when they come into their store, advertising will do the business for you. Richmond merchants are beginning to find this out and are profiting by their discovery. It pays to advertise.

GREAT HOLIDAY THE IMPROVEMENT ATTRACTIONS AT CLUB LADIES ARE THE RICHMOND HOLDING THEIR TOMORROW BAZAAR

Holiday attractions will make the Sunday bill at the Richmond T. & D. Theatre one of the best ever shown at the local playhouse. Headed by the famous Army and Navy Singing Trio, the bill will please every taste. These young men have been singing to thousands of pleased audiences in the larger playhouses around the bay and have friends and continued applause everywhere.

Jack Burdette, a fifty young man with a string of comedy entitled "The Soap Salesman" depicts the every day character that is a winner for fun purposes only. Burdette is an entertainer of the first class order and makes you scream every minute he is on the stage. Dinee & Deneit, a singing and an accordion playing act, are another very pleasing combination of musical entertainers. Both in harmony of voice and instrument they are winners.

De Halde and Edwards, who were favorites on big time with their terpsichorean efforts including the widely known Parisian Apache dance have been acclaimed along New York's Great White Way, as dancers par excellence. No team in vaudeville has won more attention than this couple. Frank Corder, the Original Nut, is an irresistibly funny clown with tumbling and dancing stunts that are just immense. In the picture the thrilling "His Enemy—The Law" with a Pathe News will be shown.

"Why, I Hardly Miss the Little It Takes Each Week to Be Well Dressed!"

"Used to be I waited until I had saved and skimped to get a new suit. Now I just take the car ride to Cherry's and choose all the pretty things I want by simply paying a small deposit. The rest I pay each week as I get my pay check—a very small payment, of course, but you'd be surprised how soon the clothes are paid for this way. And all the time I am wearing them. Just yesterday, when I was getting this smart hat, I saw Elva picking out a crepe de chine dress that was a beauty. She told me she buys all her clothes at Cherry's. So you see it's foolish not to be a Cherry customer. They have two shops here—a women's store at 515 13th and one for men at 528 13th, Oakland."—Adv.

MELANGE OF CLEVER MUSIC AND SONG AT ORPHEUM TOMORROW

From a comical travesty of the old "Melodrama" of the "Tank Towns" that is really not so much of a travesty, after all, as a reality, divides honors with the ultra modern, a "Futuristic Revue," in which grand opera, outlandish colorings and the very last word in modern smartness blend, at the Oakland Orpheum for the coming week. It is a truly remarkable divergence in headline features, from the stable that has been transformed into an impromptu theatre to the impromptu theatre transformed into a rainbow.

"For Pitt Sake" is famous. Thomas Duray as the ancient manager of the Hick Opera house, mixes with everything in the show business from Shakespeare to Countess de Leonardo, who presents the "Futuristic Revue" mixes in kaleidoscopic color and colorful music; a series of colorful musical and musical color, a paradox in art.

George Fox and Zella Ingraham offer a clever skit of music and song in which some famous compositions by the lady's former vaudeville partners are featured, and the De Wolf Girls, Capitola and Gertrude, fairly astound with their clever offerings in costumes, singing and comedy, with a little dancing between Harry and Grace Ellsworth, real brother and sister, offer another dazzling bit of cleverness in the way of farces and music with still more laughs to accompany it, and Oliva Briscoe, already famous to vaudeville lovers, with Al Rush, her new partner, offer an entirely new line of comic success to please the local vaudeville goers. Page, Hack & Hack have a startling surprise, that one must wait to the finish to appreciate; a wait that's worth it, for it astounds. The Red Cross Weekly and the Pathe News round out the bill.

NO TIDINGS ARE AT HAND FROM HENRY MATSON

Relatives and friends of Henry Matson are very much worried over not receiving any tidings from him since he was reported wounded by the war department on the 12th of the present month. He was injured on the 20th of October in one of the last big battles with the Hun, probably in the Argonne Woods, and since the report was sent in by the war department not a word has been received.

Henry Matson was inducted into the army by the local board early last spring and went to Camp Lewis for his training, after which he was sent over to France. He was extremely patriotic, anxious to do his full duty toward winning the war and it was at his special request that Chairman Lee D. Windrom of the local board had him called for one of the earliest contingents. He was employed at the Standard Oil refinery and was considered one of the best and brightest young men in the community, where he has resided practically all his life. His

many friends in Richmond hope that the old adage will come true that "no news is good news" and that information will come in a few days that he is on the safe road to recovery.

FRANK GILLETTE CABLES HOME FOLKS

Frank Gillette son of Rev. and Mrs. J. C. Gillette cabled his parents from France yesterday that he is getting along fine and sent along a lot of Christmas cheer as a remembrance from far away lands. He has been with General Pershing's forces for more than a year and it may be another year before he returns to the shores of America.

Gillette received his military training for the most part in one of the Eastern cantonments and has seen some hard service since going across the Atlantic.

**LOST HIS WATCH AND
GOT OUT SEARCH WARRANT**
C. Muller lost his watch yesterday from his clothes locker at the Courtland and got out a search warrant for its recovery, charging E. H. Ellis with taking it. Constable Alstrom went through the effects of the accused man, but failed to find it.

INFLUENZA HAS CLAIMED WIFE AND HUSBAND

Just five days after his wife had succumbed to pneumonia, succumbing an attack of Spanish influenza, Arthur R. Sawtelle of El Cerrito passed away yesterday morning at the family home at that place. Mrs. Willie May Sawtelle passed away on the 19th of this month and her husband yesterday morning. The latter was aged about 30 years and a native of California.

No arrangements have as yet been made for the funeral by Undertaker Bert Curry, but he will await the arrival of a brother of the deceased from Oregon.

BE CAREFUL AFTER FEVER, COLD OR CRIP

Many Fatal Cases of Kidney Trouble Can Be Traced to Some Infectious Disease

Colds, fevers and infectious diseases very often leave the kidneys weak. So little attention is given the condition of the kidneys during recovery from the original trouble that a severe attack of kidney disease often follows. Here's how it happens. The kidneys are worked hard enough in healthy times. They have to filter the blood. In any germ disease the blood is loaded with extra poisons made by the disease germs. This overwork tends to weaken the kidneys. After colds, grip, scarlet fever, typhoid, measles, pneumonia, diphtheria, tonsillitis or chicken pox, watch for backache, and urinary disorders and promptly use Doan's Kidney Pills. Richmond people have found Doan's reliable in many forms of kidney trouble.

Here is a Richmond experience: Mrs. L. E. Clark, 148 Thirteenth street says: "An attack of the grippe left my kidneys in bad condition and I suffered untold agony from lame back. I had severe pains across my kidneys. I felt nervous and never seemed to get thoroughly rested up. I was troubled by shortness of breath and had headaches and dizzy spells, too. I got three boxes of Doan's Kidney Pills at Niedecker's Drug Store and they cured me, making me feel like a different woman."

His Unsolicited Testimonial:
For several years I was troubled with Nervous Attacks. I visited the most prominent physicians in both OAKLAND and SAN FRANCISCO without obtaining permanent results. Finally, when an OPERATION ON MY SPINE had been suggested, I quit and began drinking the FONG WAN CHINESE HERBS. After seven weeks I felt entirely well.
